Ever since Gablitz was made into a market town in 1977 and the “Gablitzer Kulturkreis” was founded in 1980, local cultural life has experienced a noticeable boom, which has been commented on with appreciation by the government of Lower Austria, Vienna and even abroad.

In 2006 the first “Gablitzer Kulturtage” (“Cultural Days of Gablitz”) were carried out in connection with the annual “NÖ Tage der offenen Ateliers” (“Lower Austrian Open Days for Artists’ Workshops”). During these cultural days in October many artists in Gablitz open the doors to their studios to the interested public in order to share their work and give an in-depth look into the creative process.
